About

Software development enthusiast with almost 3 years commercial experience on React, NextJS. I have experience in command and own projects developing (including pet and freelance), from simple landing pages to complex crypto marketplaces and online casinos. I am self-supporting, have good self education skills, and love to solve complex and interesting tasks.

Work experience

Junior Gate— *Lead Frontend developer*

August 2022 – Present

Building websites from landing pages to NFT projects with complicated design.

Skills: FSD architecture, NextJS, Redux, SCSS, Git/GitHub, REST API

Responsibilities: Built various components in ReactJS, integration of services with REST API, code-review, task decomposition

Freelance— *HTML Coder/Frontend developer*

November 2021 – August 2023
